ShortStay

Specialists in vitality
for a healthier return home.

Genesis HealthCare® does not discriminate against persons in its admission, services, or employment on the basis of race, color, national origin, disability or age.

Genesis ShortStay brings together physicians, nurses and therapists to treat the whole person.

With over 30 years experience, we understand that successful recovery after surgery or acute illness is based on a number of factors. Age, physical condition, attitude, and family support all play a part just as much as the outward treatment we provide. That's why we create just the right combination of care services to meet your specific needs.

How you become a vital part of your recovery process.

It's important that you become an integral part of your recovery. Decisions about your care and treatment, as only you can make them, are central to the planning and pace of your recovery. With your team of clinical specialists, you and your family will always know your progress and path forward.

Educated and trained specialists

Genesis ShortStay is staffed with clinical professionals current with the latest innovations and therapies. Our network is supported by clinical consultants who ensure our staff are trained and educated to accommodate a wide variety of individual care needs. Our focus on best practices and certifications helps create our standing as one of America's leading short stay treatment providers.

Typical specialties include:

- Pulmonary
- Orthopedics
- Stroke
- Dialysis
- Cardiac
- Geriatric
- Vascular
- and more

Rehabilitation services at Genesis ShortStay

Getting back into the swing with daily living activities is just as important as your medical recovery. Rehabilitation services at Genesis ShortStay are designed, with you, to help you recover faster and easier. The latest equipment, gyms, and therapies are all part of the plan to help you regain your vitality and quicken your recovery.
